

LIMITED PRODUCT WARRANTY

The Ginlong Energy Storage Co., Ltd. (“**Ginlong Storage**”) Limited Product Warranty (the “**Limited Warranty**”) in this document covers the PrimePower products listed in Table 1, below (the “**Products**”), when a claim for service under this Limited Warranty (a “**Claim**”) is made by a Claimant (as defined in Section B, below), provided all of the applicable terms and conditions herein have been satisfied.

This Limited Warranty constitutes an integral part of the sales contract (the “**Main Contract**”) and forms an attachment to the Main Contract with equal legal force. If Ginlong Storage and the Claimant (collectively, the “**Parties**”) have not executed a Main Contract, this Limited Warranty shall apply independently and constitute the complete agreement between the Parties regarding the Limited Warranty.

Important Notice:

The Products covered under this Limited Warranty are intended solely for commercial use and not applicable to any consumer or household scenarios. Ginlong Storage assumes no consumer-protection obligations if the Customer (as defined in Section B, below) uses the Products for household, personal, or other non-commercial purposes. If the Products are intended for household or personal use, the Parties may execute a separate contract applicable to such use.

A. The Limited Warranty

Ginlong Storage warrants that the products will be free from defects and workmanship within the Limited Warranty Period set forth in Section C, below. This Limited Warranty is subject to the terms and conditions in this document. This Limited Warranty may extend a Customer’s statutory rights and cannot be construed so as to diminish such statutory rights.

The Limited Warranty under this document is available on and from December 23, 2025 (“**Warranty Validation Date**”). Unless otherwise agreed in writing, the Limited Warranty under this document is not applicable to any products produced prior to the Warranty Validation Date. The date of production of each product could be determined by its serial numbers¹. For the avoidance of doubt, the original terms and conditions supplied with that product will continue to apply for any product produced prior to the Warranty Validation Date.

To make a Claim, the Claimant shall notify Solis within two weeks upon detection that the products are non-conforming or defective. To determine if the product is covered by this Limited Warranty, the Claimant shall notify Ginlong Storage's service department in writing of the issue. Such notice shall include:

1. Detailed information about the defect;
2. Completed Warranty Claim Form, which can be obtained from a Solis Service Agent via the Solis website⁵;
3. Product Model (i.e. PrimePower-109kWh) and Product Serial Number (i.e. 1059001259080001);
4. Copy of the product invoice;
5. Copy of the installation report/certificate;
6. Local data exported under the instruction of Ginlong Storage (applicable only when the product is not connected to Solis Storage Cloud during operation).

After receiving notice from the Claimant, Ginlong Storage will determine whether or not the reported defect is eligible for coverage under the Limited Warranty. If Ginlong Storage determines, in its sole discretion, that the reported defect is not eligible, Ginlong Storage will notify the Claimant accordingly and will explain the reason why such coverage is not available. See Warranty Exclusions in Section E, below, for details.

Note that the product label must be completely undamaged and legible and properly attached to the product. If the aforementioned requirements are not fully met, Ginlong Storage has no obligations under this Limited Warranty. If Ginlong Storage was not informed within two weeks, the warranty will be invalidated.

If the Product is eligible for coverage under the Limited Warranty, Ginlong Storage shall, in its sole discretion, elect to provide any one of the following services:

1. Ginlong Storage directs the Warranty Holder to return the Product(s) to Ginlong Storage for repair or replacement in accordance with Ginlong Storage's procedures; or
2. Ginlong Storage dispatches after-sales service staff or instructs an authorized service provider to go to the location of the Warranty Holder for on-site replacement or repair of the faulty components; or
3. Ginlong Storage replenishes the consumed capacity of the energy storage cabinet to the nominal capacity corresponding to the relevant State of Health (SOH)⁶ by means of hardware; or
4. Ginlong Storage compensates the Warranty Holder based on the "Sales Price". The "Sales Price" refers to the EXW factory price of the Product at the time of purchase or at the time of compensation, (whichever is lower), and its specific calculation method is detailed in the formula set out below in Section D; or
5. Ginlong Storage provides whole battery of the original model or whole battery with the same capacity for replacement. All such battery comply with all factory testing requirements specified by Ginlong Storage.

Ginlong Storage will provide instructions for proper return or disposal of the defective product. Any replacement provided by Ginlong Storage may be, at Ginlong Storage's sole discretion, new or factory refurbished. Any replacement provided by Ginlong Storage will be at least functionally equivalent in feature, function, and compatibility to the product. A replacement may have cosmetic defects that have no influence on energy production or safety compliance.

Ginlong Storage may repair or replace faulty parts at its discretion. If the products or any parts are replaced by Ginlong Storage under this Limited Warranty, all of the rights, title and interests in the returned products/parts shall vest in Ginlong Storage upon replacement.

The Warranty Holder must return the products/parts in the original packaging or equivalent. If the replaced products/parts are not received by Ginlong Storage within thirty (30) days from the date the Warranty Holder receives the replacement, the Warranty Holder will be charged for the products/parts at the current price for new products/parts. Ginlong Storage may, in its sole discretion, elect to ship replacement products/parts either prior to or after receipt of the product, or after prepayment of the value of the replacement product and delivery costs.

If Ginlong Storage selects not to repair or replace the Defective Product or its components, it will refund the corresponding amount to the Claimant. In the event that the Product was purchased from a reseller, the application for the corresponding refund⁷ shall be submitted in writing to Ginlong Storage via the reseller. Ginlong Storage may select one of the following three calculation methods for compensation in its sole discretion:

- i) Refund = "Sales Price" * (warranted useable capacity - useable capacity) / warranted usable capacity;

⁷ "the application for the corresponding refund shall be submitted in writing to Ginlong Storage via the reseller" which shall be calculated on the basis of the "Sales Price" between the reseller and Ginlong Storage

iii) Refund = "Sales Price" *(the total number of months under the Limited Warranty Period - number of months since Limited Warranty Commencement) / The total number of months under the Limited Warranty Period.

No claim for compensation may be made for any loss of profit or use (including but not limited to, energy that has not been fed into the grid, energy that has not been used for self-consumption, losses arising from system downtime or failures, or reductions in system power output, etc.) In no event, whether in contract, tort, or otherwise, shall the maximum compensation for the Warranty Holder's losses caused by a Product exceed the amount paid by the Customer for the purchase of the Products. After the refund is made, this Limited Product Warranty shall automatically terminate, and the Claimant shall be responsible for disposing of the relevant Products at its own expense.

Ginlong Storage's shall have no obligation to render on-site replacement services in locations where Ginlong Storage, in its sole discretion, deems the location or circumstances too risky to render such services.

If any Claim made pursuant to this Limited Warranty is determined to be unfounded (i.e. the returned product is not faulty), Ginlong Storage will charge the Warranty Holder for all costs incurred, including but not limited to labour, travel, and delivery to and from the Warranty Holder.

Ginlong Storage will notify the Claimant of any costs to be borne by the Warranty Holder prior to repair/replacement of the Product(s). Such the costs must be paid in advance. If the Warranty Holder declines to pay such costs, Ginlong Storage reserves the right to withhold repair/replacement services.
